Santiago de Surco.
Lima, PERU

June 25, 2007

Dear Patricia,

Last week's GAPs training program in Lima went extremely well. I'd like to take this opportunity to thank you for the time and efforts that you and the staff at Food Solutions S.A.C. made the GAPs program such a success.

In particular, I'd like to acknowledge all the time you spent preparing for the program and taking care of all of us on the JIFSAN training team. This week appeared to be the best-organized GAPs program that JIFSAN has given. The efforts that you at FoodSolutions made were clearly noticeable and appreciated by both the presenters as well as the attendees.

Finding potential collaborators in foreign countries who have the time, interest, and work-ethic required to make the course a success is not always easy. I enjoyed working with you over the past few months and hope that you and Food Solutions will remain connected with our JIFSAN GAPs program in the future.

Enclosed with this letter is a CD that is similar to the CD you burned for the participants, but also includes some of our updated presentations given on Thursday and Friday.

I look forward to seeing you some time soon in the United States and to possibly working with Food Solutions in future GAPs programs. As the Peruvian export industry expands and your company grows, you may find it useful to present other programs with us.

Sincerely,

Christopher S. Walsh
International Training Coordinator
